Made from SCRATCH

Black Pig was founded in 2013 by Chef & Owner Rob Hurrie and his wife Katy. Formerly Margaux Restaurant, their idea was to create a place where people can not only go out to eat, but really experience the art of dining. In late 2017 Rob & Katy opened our banquet space The Berkshire! The 10,000 square-foot space features its own kitchen, exposed beams and cream city brick.

Our food is created with passion, from scratch, to draw our customers into every detail and flavor. Our food is based on the fact that eating is not only a mere necessity but a luxury. Combining art and flavors to create a memorable experience. Our core belief is everything is made in house from scratch and yields the highest quality products possible!
